PROFESSIONAL EXPERIENCE

AI Developer & Financial Analyst (Self-Directed Build)

Solo Creator – AI Equity Research Tool

Remote

Jun 2026

- Solo-built and deployed a 2,850-line Streamlit application powered by Google Gemini 2.5 Flash API, hosted live on Hugging Face Spaces.
- Engineered a parsing pipeline using PyMuPDF to extract 20–25 critical financial fields per fiscal year from corporate annual report PDFs.
- Designed a custom scoring engine across 12 distinct sectors (FMCG, IT, NBFC, etc.) with custom KPI benchmarks and interpolated 0–100 scoring.
- Automated generation of structured 9-section Word (.docx) reports with qualitative warning flags (going-concern, auditor comments, related-party transactions) and grade-to-signal rating mappings.

UptoSkills

Finance Intern & Domain Captain (AICTE National Internship Initiative)

Remote, India

Jan 2026 – May 2026

- Selected as Domain Captain to lead a team of 8–9 interns, managing daily task allocation, status tracking, and mid-cycle onboarding.
- Executed detailed Financial Parameter Analysis for 100+ public companies, modeling 65+ key financial ratios (P/E, EPS, ROE, ROCE, leverage) across FY2020–FY2024 in Advanced Excel.
- Organized cohort group discussions and quizzes to strengthen team competency in corporate finance and accounting frameworks.

Precision Investments

Equity Research Intern & Student Coordinator

Panjim, Goa

Jan 2026 – Mar 2026

- Analyzed a real client trading portfolio of INR 5,00,000 (INR 3L deployed at –5.67% returns); applied 15 ratios per stock to structure an INR 2L recovery strategy in undervalued defensive equities (Sagility, Colgate) — 3/4 calls validated within 3 months.
- Reviewed a real INR 2.39 Crore family mutual fund portfolio (28 schemes across 3 members); identified a 14% SWP funding gap, detected fund overlaps, and recommended age-aligned asset rebalancing.
- Conducted fundamental equity analysis, valuation, and write-ups for mid-cap firms including Dynamatic Technologies.

FICE Education

Power BI Intern (Microsoft Elevate × AICTE Program)

Remote, India

Feb 2026 – Mar 2026

- Developed a 3-page interactive performance dashboard in Power BI analyzing 250,000+ UPI transaction records using 9 custom DAX measures.
- Designed data models and automated cleaning pipelines using Power Query to identify spending trends and fraud patterns.
- Earned a co-branded Microsoft & AICTE certification and completed 140+ hours across Azure, AI/ML, and Copilot tools.

KEY PROJECTS
