Professional Summary

B.Com (Financial Accounting) undergraduate with hands-on experience analyzing financial data for **100+ companies**, computing **65+ financial ratios**, and building interactive Power BI dashboards for real-world business problems. Holds dual AICTE-registered internships in Finance and Microsoft Power BI. Certified across five platforms including IBM (AI Literacy), Microsoft (Power BI), TCS iON, AICTE, and Internshala. Proficient in Advanced Excel, Power BI, DAX, Power Query, and AI-assisted analytics. Seeking entry-level roles in **Finance, Data Analytics, Business Intelligence, or MIS** at a globally impactful organization.

Key Achievements

- Analyzed KPI data for **100+ companies** across FY2022–FY2024 as the lead analyst in a structured AICTE-registered project.
- Computed **65+ financial ratios** (liquidity, profitability, leverage, efficiency) for 5+ companies over a 5-year period (FY2020–FY2024).
- Appointed **Team Captain**, leading a cross-functional intern cohort to consistently meet daily and weekly reporting targets.
- Delivered a complete **Power BI dashboard** — from raw data ingestion to published report — under industry mentor guidance; passed formal assessment and earned a co-branded **Microsoft & AICTE** certificate.
- Integrated **AI-assisted analytics tools** into financial workflows, increasing throughput and reducing data entry errors across large datasets.

Professional Experience

Finance Intern & Team Captain

February 2026 – Present

UptoSkills – AICTE National Internship Initiative

India

- **Financial Parameter Analysis:** Designed collection frameworks and structured KPI data for **100+ companies** (FY2022–FY2024); ensured reporting-ready data quality standards throughout.
- **Ratio Analysis:** Computed **65+ financial ratios** — ROE, ROA, ROCE, current ratio, quick ratio, D/E, EBITDA margin, asset turnover, inventory days — for 5+ companies across FY2020–FY2024.
- **Trend & Variance Analysis:** Conducted year-on-year analysis of revenue, profit/loss, and key ratios to surface growth trends, profitability shifts, and potential risk signals.
- **Team Leadership:** Delegated tasks, enforced data integrity standards, and held the team accountable to daily and weekly reporting deadlines as elected Team Captain.
- **AI-Augmented Analytics:** Applied AI tools alongside Advanced Excel to automate repetitive calculations, reduce errors, and accelerate analysis across large multi-company datasets.
- *Tools: Advanced Excel (VLOOKUP, INDEX-MATCH, Pivot Tables, Array Formulas, Conditional Formatting), AI Analytics Tools, Financial Ratio Modeling, KPI Structuring*

Power BI Intern – Microsoft Elevate Program

February 2026 – Present

Edunet Foundation – Microsoft & AICTE Collaboration

India

- **Selection:** Competitively chosen for the Microsoft Elevate x AICTE 4-Week Internship on Emerging Technologies (February 2026), with a curriculum centered on Power BI and enterprise BI workflows.
- **Power Query & ETL:** Built data pipelines for cleaning, transformation, and normalization across multi-format sources (Excel, CSV, databases) using Power Query M language.
- **Data Modeling:** Designed star-schema models, established table relationships, and created calculated columns and measures for scalable, high-performance reporting structures.
- **DAX Development:** Authored DAX measures including CALCULATE, SUMX, FILTER, and time-intelligence functions (SAMEPERIODLASTYEAR, DATESYTD) for KPI tracking and period-over-period comparisons.
- **Dashboard Delivery:** Built interactive dashboards with drill-through pages, custom tooltips, bookmarks, and dynamic slicers in Power BI Desktop; published and shared via Power BI Service.
- **Certified:** Solved a real-world business problem under industry mentor guidance; passed program assessment and earned a co-branded **Microsoft & AICTE** certificate.
- *Tools: Power BI Desktop, Power BI Service, Power Query (M), DAX, Star Schema, Data Modeling, Data Visualization*

Technical Skills

Data & BI	Power BI Desktop/Service, Power Query (M), DAX, Data Modeling, Star Schema, KPI Dashboards, Multi-Source Integration
Excel	VLOOKUP, INDEX-MATCH, Pivot Tables & Charts, Array Formulas, Conditional Formatting, Data Validation, What-If Analysis, Macros (VBA basics)
Finance	Financial Ratio Analysis, Financial Statement Analysis (P&L, Balance Sheet, Cash Flow), Year-on-Year Trend Analysis, Revenue Modeling, KPI Structuring, MIS Reporting
AI & Tech	AI-Assisted Analytics, Generative AI (Prompt Engineering, Workflow Automation), AI Literacy (IBM-Credly), TCS iON AI
Soft Skills	Team Leadership, Cross-Functional Collaboration, Data Storytelling, Deadline Management, Analytical Problem-Solving

Featured Projects

Financial Parameter Analysis – 100+ Company KPI Study <i>UptoSkills Finance Internship</i>	Feb 2026 – Present <i>AICTE Registered</i>
- Collected and structured financial KPI data for 100+ companies across FY2022–FY2024 from public disclosures, building a clean, analysis-ready master dataset. - Computed 65+ ratios per company (profitability, liquidity, leverage, efficiency) and synthesized results into Excel dashboards with trend sparklines, heatmaps, and summary scorecards.	
Interactive BI Dashboard – Power BI (End-to-End) <i>Microsoft Elevate x AICTE Program</i>	Feb 2026 – Present <i>Industry Mentor-Guided</i>
- Ingested raw business data from multiple sources via Power Query; resolved nulls, type mismatches, and structural issues; built a normalized star-schema data model. - Authored DAX measures for revenue, YTD growth, and period-over-period KPIs; designed an executive dashboard with drill-through, slicers, and bookmarks; published via Power BI Service.	

Education

Don Bosco College, Panjim <i>Bachelor of Commerce (B.Com) – Financial Accounting</i>	June 2024 – April 2027 (Expected) <i>Goa, India</i>
- Relevant coursework: Financial & Management Accounting, Taxation, Auditing, Corporate Finance, Business Law. - Concurrently managing two AICTE-registered internships and earning professional certifications.	
Deepvihar Higher Secondary School <i>HSSC – Commerce Stream (Accountancy, Economics, Business Studies, Mathematics)</i>	June 2022 – April 2024 <i>Goa, India</i>
Murgaon High School <i>Secondary School Certificate (SSC)</i>	Completed April 2022 <i>Goa, India</i>

Certifications & Training

• Advanced Excel with AI (<i>Internshala</i>)	• Power BI – Microsoft & AICTE (<i>Microsoft Elevate Program</i>)
• Business Intelligence: Excel & Power BI (<i>AICTE</i>)	• AI Literacy (<i>IBM – Credly Badge</i>)
• AI Literacy (<i>TCS iON</i>)	• Getting Started with Generative AI
• Digital Marketing & Brand Management (<i>Business Mgmt Programme</i>)	• Internship & Job Preparation (<i>Internshala, Jan 2026</i>)

Why Google – Profile Alignment

- **Data-Driven Mindset:** Analyzing 100+ company datasets reflects Google’s culture of making decisions grounded in rigorous quantitative evidence.
- **BI Tool Fluency:** Power BI, DAX, Power Query, and Advanced Excel are core tools in Google’s Finance and Operations functions – directly applicable from day one.
- **AI-First Thinking:** Certified in AI Literacy (IBM) and Generative AI; actively integrates AI into analytical workflows, aligned with Google’s AI-first strategy.
- **Ownership & Bias for Action:** Delivered 100+ company analyses, 65+ ratio models, and live dashboards while holding two internships and pursuing a degree simultaneously.
- **Growth Mindset:** Continuously self-investing via certifications, real-world projects, and leadership roles – reflecting the intellectual curiosity at the core of Google’s culture.
